# Product Overview

 **Glowback**LED®

## Quick Specs

| | |
|---|---|
| **Product Code** | BG-2830CDMX-US(W) |
| **Dimensions** | **4.7"** L **2.9"** W **1.6"** H |
| **Wiring Terminals** | Screw-in |
| **Input Voltage** | 12-24VDC |
| **Channels** | Up to 4 Channels |
| **Zones** | Up to 4 Zones |
| **Warranty** | 3-Year Limited Warranty |
| **Environment** | Indoor/Damp Location |
| **Listings** | UL Recognized Component |

Our **BG2830CDMX-US(W) DMX**PRO **RGB and CCT Controller**, is an **architectural grade** DMX512 & RDM glass touch panel controller capable of supporting universal DMX protocols. Made with high strength glass, our glass touch panel LED controller is a high quality solution for wall mounted colored lighting controls. With an **ultra-sensitive** color **touch line**, this controller allows for smooth and accurate color and color temperature selection and brightness for up to 4 zones of LED lights, without having to worry about losing any configured settings when powered off. With **integrated WiFi**, one has the option of controlling the desired lights through a mobile device. Conveniently send DMX signal to a DMX Decoder, and send power to the controller using the easy screw-in wire terminals. Our **DMX**PRO touch line controller offers unmatched versatility and premium quality to achieve vivid color changing lighting projects with customized controls.
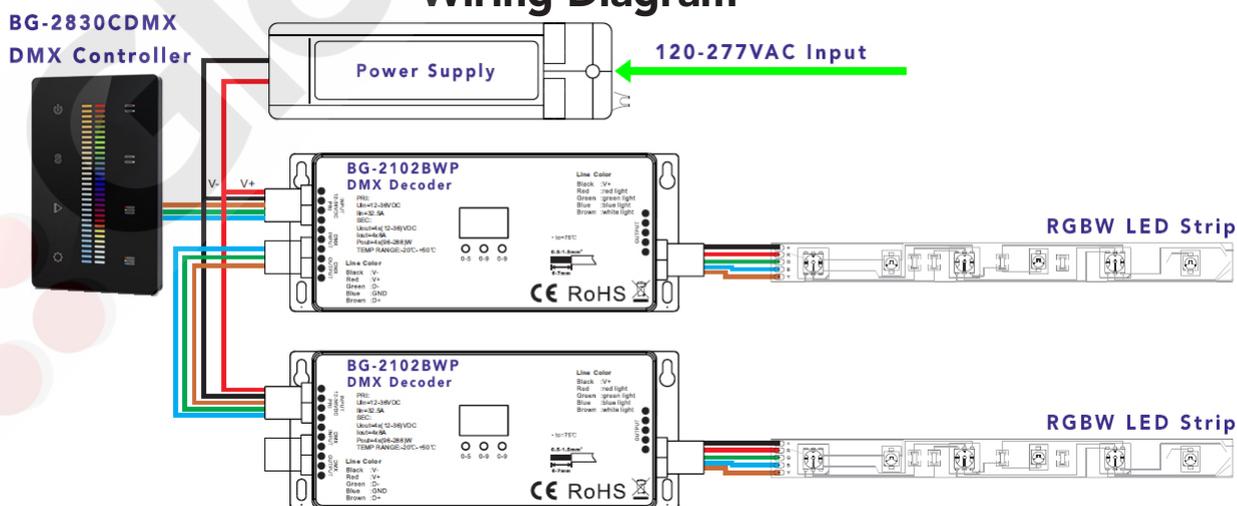

## Features

- **High-Quality** Glass Finish
- **4-Zone** Controller
- **Smooth Dimming**
- **Ultra-Sensitive** Touch Line
- **Compatible with** RGB, RGB+W, and Tunable White Lighting
- Set Linear or Logarithmic Dimming
- **RF Functionality** allows for use with remote
- **Save** up to 3 scenes
- **Integrated WiFi** for Mobile Control
