

PRODUCT OVERVIEW

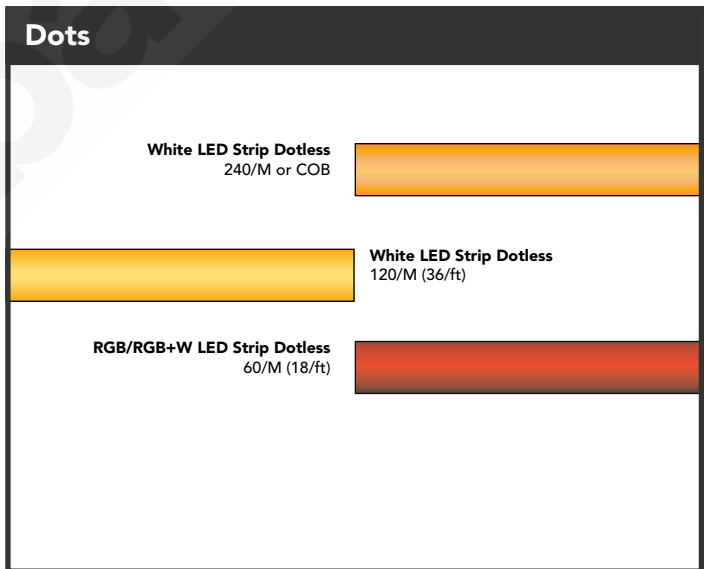

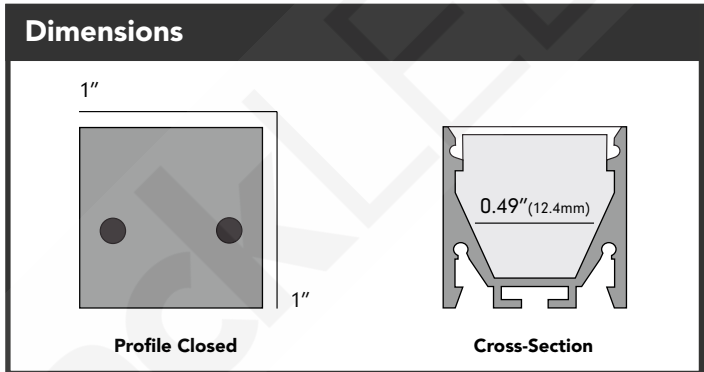

An ultra-versatile solution for slim and compact LED fixtures, our Aluminum Extrusion "PR" is here. Engineered and designed for attractive sleek finishes, this ultra modern profile features a V-shaped interior, allowing for smooth light diffusion and extra efficient heat dissipation. Aluminum Profile "PR" is designed to be suspended, but can also be surface mounted. The included mounting clips are designed to create a perfectly flush mounted surface mounted application. Create dot-free LED lighting when paired with our high-density **DOTLESS** LED strips. Aluminum extrusion "PR" can accommodate any high-output LED strip up to 0.49" (12mm) wide and is designed to properly dissipate their heat. "PR" is conveniently sold in 6.5ft (78") lengths as a completed kit including a pair of end-caps, mounting clips, suspension kit and one frosted lens.

Features

- **NEW Design!** Compact and Slim Housing for sleek attractive finishes.
- Maximizes Lifetime of LED strips by dissipating heat.
- Cuttable using any standard miter saw.
- Fast and Easy Installation using included suspension kit, or mounting clips.
- Protect strips from the elements.
- Well-Stocked and Ready to Ship from our Miami, FL facility.
