

PRODUCT OVERVIEW

Manufactured exclusively for **GlowbackLED**, Our new **LDL24V60W** is a Slim Waterproof Linear 24V 60W Dimmable IP65 LED Power Supply suitable for a wide range of LED strip and linear lighting products. Our **LDL24V60W** can be used with any phase control dimmers (Forward Phase (Triac/MLV) and Reverse Phase (ELV). Unlike our older dimmable LED power supplies our **LDL24V60W** outputs consistent, flicker-free lighting which can be smoothly dimmed down to 1%. Our **LDL24V60W** conveniently comes with a 3ft power cord and (US) plug for quick and easy LED strip lighting installations! This Dimmable LED Driver features an **integrated wiring compartment**, allowing one to make clean connections inside of the power-supply with no need for external junction boxes. This slim, linear design makes our **LDL24V60W** an excellent solution for powering our water-proof LED strip lights and fits inside of our Aluminum Profile P7, which has a dedicated slot for housing an LED power supply. The slim linear form factor and **wet-rated IP-65** design makes it a great compact solution for wet-rated LED strip lighting installations with limited space.

Strip Specifications	
Product Code	LDL24V60W
Dimensions	11.88" L x 1.25" W x 0.75" H
Input Voltage	100-277VAC 50/60 HZ
Output Voltage	24VDC
Output Power	60W 2.5A
Wiring	Hardwired Connections
Dimming Type	Universal Phase Dimming (TRIAC/MLV/ELV)
Warranty	5-Year Limited Warranty
Environment	IP-65 Suitable for Outdoor Use
Listings	UL-Listed Class-2 RoHs

Features

- **Compact, Slim, and Linear** IP65 Metal Housing.
- **Universal Dimming** (Works with any forward or reverse phase dimmer), No Additional Wires Needed!
- **Flicker-Free! Smooth Light** Output with No Visible Flicker.
- Suitable for **Wet-Rated** Locations.
- **Comes with 3ft power chord** for clean Installation!
- **Universal Voltage Input** Accepts 100-277VAC.
- **Guaranteed** by our 5-Year Warranty.
