

PRODUCT OVERVIEW

A perfect, low-profile solution for undercabinet, shelf, and closet lighting applications, our Aluminum Profile "A" is our thinnest aluminum extrusion for LED strips, at just slightly over 1/4" (0.28") thick. Made of premium aluminum alloy, Aluminum Profile "A" draws the heat out of your LED strips to maximize their longevity. A universal housing for LED tape! Aluminum Profile "A" can accommodate any water-proof or non-waterproof LED strip up to 12mm (0.48") wide. Aluminum Profile "A" is conveniently sold in 8ft lengths as a completed kit including a pair of endcaps, mounting clips, and one premium polycarbonate, UV-resistant **frosted** lens.
