PRODUCT OVERVIEW

Aluminum Profile "**B**" is our most popular DOTLESS Aluminum housing for LED strips. When paired with our "DOTLESS," high density LED strips, Aluminum Profile "**B**" casts an evenly diffused line of dot-free LED lighting. Its slim and low-profile design makes it well-suited for cabinet lighting, and other decorative and task lighting applications. Made of premium aluminum alloy, Aluminum Profile "**B**" dissipates heat generated by your LED strips to maximize their lifetime. A universal extrusion for LED tape! Aluminum Profile "**B**" can accommodate any waterproof or non-waterproof LED strip up to 12mm (0.47") wide. Aluminum Profile "**B**" is conveniently sold in 8ft lengths as a completed kit including a pair of end-caps, mounting clips, and one premium polycarbonate UV-resistant frosted lens.
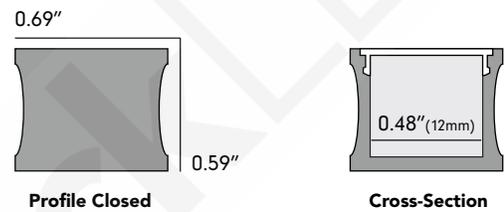

Specifications

Part#	ALUMB-96
Length	8ft (94" for free shipping)
Width	0.69" (17.53mm)
Height	0.59" (15.0mm)
Lens Type	Frosted
MAX Light	3 Watts/ft (recommended)
MAX Strip Size	0.48" (12mm)
