

## PRODUCT OVERVIEW

A slight design modification from our Aluminum Profile "P", "PH" features the same sleek and narrow look, but has a deeper, frosted lens which provides a more prominent lighting design. Aluminum Profile "PH" is designed to be suspended mounted, but can also be surface mounted. Create dot-free suspended LED lighting when paired with our high-density DOTLESS LED strips. Aluminum extrusion "PH" can accommodate any high-output LED strip up to 0.66" (16.7mm) wide and is designed to properly dissipate their heat. "PH" is conveniently sold in 6.5ft (78") lengths as a completed kit including a pair of end-caps, mounting clips, suspension kit and one frosted lens.

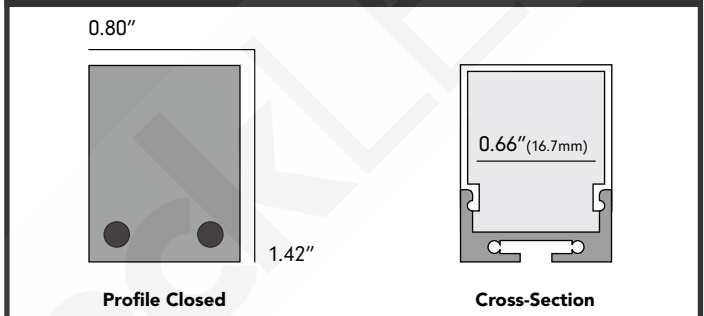

### Features

- Compact design makes for attractive slim and sleek suspended lighting.
- Perfect Solution for modern homes or offices.
- Maximizes Lifetime of LED strips by dissipating heat.
- Fast and Easy Installation using clips, or suspension kit.
- Cuttable with any standard miter saw.
