

Product Overview

Aluminum Profile R2
ALUMR2 Spec Sheet

Aluminum Profile "R2" is one of our most popular surface-mounted aluminum housings for LED strips. It's large, rounded design resembles the look and feel of a fluorescent tube and emits lights at a wide 180 degree angle. The added depth allows it to produce evenly diffused, DOTLESS lighting by almost any LED strip. Aluminum Profile "R2" can accommodate any LED strip up to 0.86" (21.9mm) wide. It is designed to dissipate heat from your high-output LED strips to maximize their lifetime. Aluminum Profile "R2" is conveniently sold in 6.5ft (78") lengths as a completed kit including a pair of endcaps, mounting clips, and one premium, UV-resistant frosted lens (diffuser).

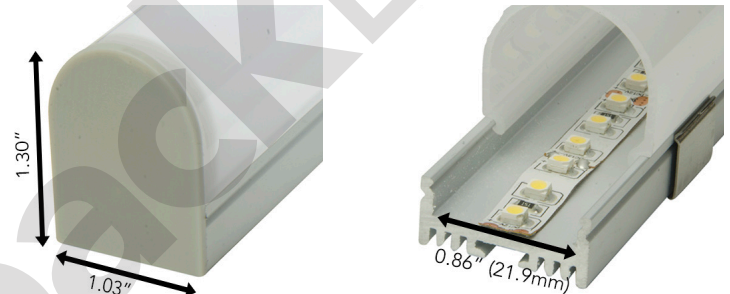

Features

- Unique compact round design
- DOTLESS when used with our high-density LED strips
- Cuttable with any standard m
- Maximizes Lifetime of LED strips by dissipating heat.
- Easy installation with included mounting track

Specifications

Part #	ALUMR2-78
Length	6.5ft (78")
Width	1.03" (26.2mm)
Height	1.30" (33.0mm)
Lens Type	Frosted
MAX Light	6 Watts/ft (recommended)
MAX Strip Size	0.86" (21.9mm)

Dimensions

Mounting

- Use included mounting clips
- **Direct Screw:** Counter-Sunk Mounting Screws. (Strip installed over screw)

DOTS

60/M (18/ft) White LED Strip **DOTLESS**

120/M (36/ft) White LED Strip **DOTLESS**

30/M (9/ft) RGB LED Strip
